DETAILED ACTION

Allowable Subject Matter

Claims 34-43, 46-54, and 56-59 are allowed.

The following is an examiner's statement of reasons for allowance:

Independent claims 56-59 the limitation of storing product criteria and a ranking parameter anonymously received from consumer as market research data of consumer preferences. Only the Peckover reference showed this feature in combination with normal searching method steps. The claims further recite that the data is obtained "without receiving or collecting information identifying or specific to said consumer". Peckover does collect consumer information and uses unique identifiers or consumer specific information to get the information back to the personal agent. Therefore Peckover does not meet the metes and bounds of the claims and it would destroy the Peckover to try to modify it to meet the claim language. Claims 34-43 and 46-54 are dependent upon claims 56 and 58.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
